

CONGRESS AND CONFERENCE CENTRES.

CONGRESS CENTER BASEL 1

www.congress.ch

The Congress Center Basel is Switzerland's largest conference centre, located directly alongside Messe Basel. The venue belongs to the dynamic MCH Group, a leading international live-marketing company group with a unique services network. The multifunctional facilities for up to 5,000 delegates are comfortably furnished and equipped with state-of-the-art technology.

The Congress Center Basel is linked directly to the exhibition complex designed by Herzog & de Meuron. This modern building with the multifunctional Event Hall on the ground floor combines functionality and aesthetics in the perfect manner. With a pillar-free surface of some 3,300 square meters, plus 1,500 square meters in the foyer, the Event Hall accommodates events for up to 3,000 participants, with banquets possible for up to 2,000.

Furthermore, 11 modular rooms considerably expand the Congress Center Basel's facilities. The modular rooms are located on the ground floor where they are directly accessible from the Congress Center's main entrance. They open up spectacular possibilities for a plenary event with over 5,000 participants and sufficient space for concurrent breakout sessions in the immediate proximity.

General remarks

Its unique location in the middle of the city and right next to first-class hotels, restaurants and shops as well as its extensive facilities make the Congress Center Basel the leading service provider for all kinds of events. As part of the MCH Group, the Congress Center is dedicated to observing high environmental standards and operating in an economically sustainable manner.
